PRESS RELEASE SONOMA COUNTY, CALIFORNIA

June 17 - 2012.

TERRA SONOMA handcrafted artisan food from Sonoma County, California. FIND US at the SAVOR CALIFORNIA BOOTH #5555

Terra Sonoma Food Company: A family owned vineyard and ranch ventured into the artisan foods business. Terra Sonoma began producing VerJus in the year 2004. VerJus is made from semi-ripe winegrapes - very sour green grapes - which we pick during our Green harvest at the onset of veraison. A versatile, naturally acidic juice used in place of any other acid in the kitchen. Our latest creation includes a delectable winegrape syrup named **Saba**. It's uses are plenty, flavors everlasting, very deep and rich.

Our ranch, GARDEN CREEK RANCH named after a creek behind our home, is 100-acres of rolling hillside in Alexander Valley which lies between Healdsburg and Geyserville in Sonoma County. We have been winegrowing since 1969, producing wine since 2001 and VerJus since 2004. Our focus is growing Bordeaux varietals of Cabernet Sauvignon, Merlot, Cabernet Franc, Petit Verdot, Malbec and Chardonnay. Terra Sonoma was born in 2004 when we felt compelled to use this 'green' fruit. We are now recycling while producing a sophisticated culinary product.

Our Products include:

TERRA SONOMA Verjus - 100% estate grown and made TERRA SONOMA Saba - 1st saba in the US ever! TERRA SONOMA Extra Virgin Olive Oil

At Terra Sonoma we believe simple, fresh ingredients are the most important component in cooking. VerJus and Saba both are simple, natural ingredient which ultimately heighten flavors in cooking.

At Terra Sonoma we intend to continue educating the American palate with the many uses for these delicious, ancient ingredients. Use verjus, saba & olive oil tonight...

TERRA SONOMA: Living with great food Everyday.
