Police procedural TV series
6x52'

“Bloodhounds”, the new police procedural TV series distributed by CALT Distribution, coming on France Televisions!

Bloodhounds” is an action-packed police series in which the investigation – a classic “Whodunnit” - revolves around a manhunt.

The heroes of this series are the members of a special unit of hunters, who intervene as soon as an arrest warrant is issued in France. Many of these warrants are for suspects, presumed perpetrators or crucial witnesses in on-going criminal investigations. Each time, these fugitives represent the missing piece in a puzzle that our investigators have to complete in order to solve the case and accomplish their mission.

The men in this unit are bloodhounds, sleuths, specialist hunters. Hardened cops experienced in arduous, action-packed investigations, stakeouts, tailing suspects, sleepless nights, dodging bullets and shedding blood. Their office is the street, where they relentlessly hunt down those they seek.

A 52-minute manhunt and a 52-minute investigation, culminating in the double resolution of a case and a mysterious disappearance.

International distribution of BLOODHOUNDS is handled by CALT Distribution, present at MIPCOM at booth 02.15 from 8th - 11th October 2012.
